Scott,

Wenke spoke to Elise again. If the Boro requests use of the room, no insurance is required. The library is funded by the taxpayers of Ringwood. Would you be able to schedule it or would you like to hear from the CAG for the request?

Thanks

Pat

Elise is the director. I don't know what the requirements are but I'm sure after the trip and fall law suit that the library was served with last week, there is a heightened awareness of the need for insurance.

Got this email from Wenke while we were speaking just now. Not sure if she means that NO insurance is required if the Boro reserves or if she means that the Boro (or someone else) needs to provide insurance. Do you know Elise from the library? I can give her a call if that might help.

Please do not share this email.

Pat

Hi Pat,

I spoke to the library again, still insist we need insurance to hold meeting, but not if boro schedules. Room is def. available and reserved.

I wonder if you will have better luck if you stop by and speak to Elise, the director?

Chief Mann weighed in, told EWA that meeting is scheduled for June 8.
